**Method(s) of Outcome Evaluation:** Q&A, group discussion

Health Issue Trainings are developed utilizing best practice references such as the "Kansas and Missouri Core Competencies for Early Childhood and Youth Professionals" (Content Area V: Health and Safety), and the National Health and Safety Performance Standards, "Caring for Our Children." Consultants developing new lessons for Health Issue Trainings should use this template and submit to the CCHC Program Manager, for submission to the Missouri Workshop Calendar for Program approval. Health Issue Trainings already approved by the CCHC Program Manager and the MO Workshop Calendar are approved for use by any contracting LPHA. Approved lesson plans are reviewed by the CCHC Program Manager at a minimum of every three years, and are therefore considered approved if in circulation until otherwise instructed by the CCHC Program Manager.
